

JASON CARTHEN
E N T E R P R I S E S

MOTIVATING, INSPIRING AND CHALLENGING OTHERS TO REACH THEIR PERSONAL BEST!

LOGISTIC'S CHECKLIST

Jason Carthen, Ph.D.

Dr. Jason wants to support you in making the event more than successful. Below are a few details to help make sure nothing “falls through the cracks.”

Microphone:

Dr. Jason prefers to wear a lapel microphone as opposed to handhelds or other over the ear wireless options.

Podium/Lectern Needs:

Dr. Jason likes to have room to move around, interact and connect with the audience. A podium is nice, but he probably won't stand behind it; but it's a great place to store a bottle of water for him.
